DESCRIPTION

Nissan Leaf N-Connecta: Electric Intelligence and Innovative Comfort
 The Nissan Leaf N-Connecta is the ideal partner for those looking to enter the world of electric mobility with total confidence and style. Globally recognized for its reliability, this model offers a smooth, silent drive with immediate throttle response. The e-Pedal technology allows you to accelerate and decelerate using just one pedal, making urban driving much more relaxing and efficient. The N-Connecta trim enhances the experience with a strong focus on connectivity and safety, including 360° vision cameras and an intuitive infotainment system. It is the perfect car for those seeking sustainability, cutting-edge technology, and low running costs, without sacrificing the space and comfort of a family hatchback.

For your total peace of mind, we can perform a rigorous battery health and quality test on all our electrified vehicles.

At Cars & Cars, we strive to provide a transparent and personalized buying experience. More than just selling cars, we seek to build relationships based on trust, ensuring quality and excellence in every vehicle.

The information provided, while accurate, does not waive the need for confirmation and cannot be considered binding.

Administrative fees of €200 will be added to the indicated price.
